

# RUBY PARK PUBLIC SCHOOL

## SYLLABUS FOR THE ACADEMIC SESSION 2022-23

### Subject - Chemistry

### CLASS - VI

Month	Unit	Topic	Sub-Topic
April	1	Sorting materials into groups	Importance of classification
			Physical properties of materials
May	2	Changes around us	How to study changes- types of changes
	Pre-Mid Term Examination		
June	2	Changes around us	Physical and chemical changes
			Exothermic and endothermic changes
July	2	Changes around us	How to classify changes?
			Physical and chemical changes taking place together
	3	Separation of substances	Mixture and its types
			Need for separation
			Methods of separation
August	3	Separation of substances	Methods of separation (contd.)
			Use of more than one method of separation.
	4	Water	Occurrence of water
			Water is essential for life
			Uses of water
September	Revision & Half Yearly Examination		
October	4	Water	Evaporation and condensation
			The water cycle

			Sources of water
November	4	Water	Drought and flood
			Conservation of water
			Interchangeability of states of water
	5	Air - the breath of life	Presence of air around us
			Displacement of air by water and vice-versa
			Presence of water and air in soil and water
Post-Mid Term Examination			
December	5	Air- the breath of life	Composition of air
			Importance of different components of air
			Is the composition of air strictly fixed?
January	Revision		
February	Annual Examination*
